

Dogpound p/n 60048 Assembly

1. Place one hotdog shelf on the lower level of steamer with short side in the middle.

2. Place second hotdog shelf on lower level of steamer next to other shelf with long side in middle.

3. Place bun shelf on upper level support bolts as shown.

4. Place bun rack on bun shelf with the short legs down for a condensation gap.

5. Locate sliding glass door channels in front of steamer. Slide first door in rear channel, top first, with handles toward outer edge. Repeat with second door in front sliding door channel.
